

Testing Procedures and Security

- 1) No personal items at the student's desk during testing.
- 2) All personal items will be placed in an area designated by the teacher.
- 3) Student will have NO electronic devices on their person during testing.
- 4) Student's desk and area will be clear of all items not related to the test.
- 5) Students will not be permitted to leave the room until everyone has completed testing.

Testing will not begin until the testing environment is completely secure. Any student unwilling to comply with testing procedures will be removed to the AP's office.

Any student found to be in possession of an electronic device or item not related to testing will receive a zero in response to the violation of test security.
